## NHS 180mt Legacy Standard Line

The new NHS 180mt Legacy is created for road and path clearing and work in more difficult terrain.

Municipalities, landscapers, arborists and rental companies with a need for simple and easy operation and mobility will certainly benefit from this particular chipper.

As the name Legacy suggests, it is all the strong NHS-dna that has been collected in this machine - thoroughly tested, produced in over a decade - with innovative controls and new packaging!

The chipper is 100% based on the extremely efficient, robust and reliable NHS180 series.

With the well-known and amazing intake, the NHS 180mt Legacy will undoubtedly impress wherever it comes!

NHS SmartCon controls both diesel-engine, engagesystem, Anti-stress, hourcounter, intake/stop/return, emergency stop- og reset circuit, and the energysaving sleep-function ECO-Motion.

Max. Log diameter / (Roller opening) [mm]	180
Revolutions, chipping disc [rpm]	1000
Blades (hardened) [pcs.]	4
Counter blades [pcs.]	2
Cut per revolution [pcs.]	2
Chipping disc diameter [mm] / weight [kg] (EasyCut)	Ø710/135
Hydraulic feedroller / feedrollers	√
Blade-adjustment (chip-size) [mm]	8/14
NHS SmartCon	√
‡ ABS Stress-guard (anti-stress control)	√
‡ Tachometer	√
‡ Hourcounter	√
‡ Serviceplanner	√
Chip-production per hour [m <sup>3</sup> ]	15
Opening, funnel - W/H [mm]	1070/870
Opening, feedrollers - H/W [mm]	180/180
Discharge pipe	√
Capacity, hydraulic oil tank [ltr.]	45
Length [mm]	3620
Width [mm]	1281/1814
Height [mm]	2823
Weight [kg.]	1820
Shipping dim. i meters [L/W/H]	3,3/1,3/1,8
Noise (workplace measurement) [dBA]	117
Speed [km/h]	3
Engine manufacturer	Kubota
Engine [HP] (EPA Tier 4)	26
Fuel	Diesel
Fuel consumption [ltr./hour]	6
Tank capacity	45
