

Datasheet

NHS 180rc Standard Line

NHS 180 is the very DNA of NHS wood chippers. With over a decade in production, it is by far the most thoroughly tested machine in the range.

the rc-model is delivered with RoughCut chipping disc (25 mm. blade projection)

The woodchipper is available with either internal hydraulics or for external hydraulics (oil supply from tractor). It has an aggressive and precise intake, and delivers a nice and uniform chip quality.

With a robust construction in a well-constructed geometry, you have a reliable machine that ensures an optimal working environment.

Max. Log diameter [mm]	180
Min./max. Power input [HP]	35/100
Revolutions PTO [rpm]	540/ 1000
Revolutions, Chipping Disc [rpm]	540/ 1000
Blades (hardened) [pcs.]	4
Counter blades [pcs.]	2
Cut per revolution [pcs.]	2
Chipping Disc diameter [mm] / Weight [kg]	Ø720/113
Hydraulic feedroller/feedrollers	√
Capacity, hydraulic oil tank [ltr] (i-model, internal hydraulics)	52
Liters per. minute [min./max.] (e-model, external hydraulics)	15/40
Blade-adjustment (chip-size) [mm]	25
NHS InfoCon	√
Hourcounter/ serviceplanner	√
Chip-production per hour [m ³]	15
Opening, funnel - W/H [mm]	1070/ 860
Opening, feedrollers - H/W [mm]	180/ 180
Discharge Pipe	√
Overrunning clutch	√
Safety clutch, PTO-shaft	√
3 pt. suspension category	2
Length [mm]	2380
Width [mm]	1500
Height [mm]	2700
Weight [kg.] (i/e)	790/715
Shipping dim. in meters [L/W/H]	2,4/1,5/2,05
Noise (workplace measurement) [dBA]	104
